PRODUCT DESCRIPTION

EN: The mat prevents one from slipping when getting in and out of the bath or shower. The bath mat provides better grip when in the bath. Because of the nubs on the upper side, it has an extra non-slip effect. The bottom of the mat is completely covered in suction pads that prevent the mat from slipping during use.

NL: De mat voorkomt dat men uitglijdt, wanneer men in en uit bad of douche stapt. Wanneer men in bad zit biedt de badmat meer grip, wat onderuit glijden voorkomt. Aan de bovenzijde heeft de mat noppen, waardoor de mat een extra antislip werking heeft. De onderzijde van de mat is over het volledige oppervlak voorzien van zuignappen die voorkomen dat de mat wegglijdt tijdens gebruik.
