De la tradición a la proyección internacional

From tradition to a global prominence

Our origins stemmed from the metal industry

TRADITION AND VALUES

Since our humble artisanal beginnings in 1942, we have maintained our commitment to a traditional model grounded in the metal industry, enriched with enduring human values.

We possess extensive expertise in key manufacturing, bolstered by our own fusion equipment, which provides the flexibility to meticulously craft our products and deliver unparalleled customer service.

TRADICIÓN Y VALORES

Desde nuestros inicios más artesanales en 1942, nos hemos mantenido fieles a un modelo tradicional basado en una industria del metal con unos fuertes valores humanos.

Somos expertos en la fabricación de llaves, y también disponemos de nuestro propio equipo de fusión, lo que nos da la flexibilidad para garantizar el cuidado meticuloso de nuestros productos y el más alto nivel de servicio al cliente.

COMMITMENT TO QUALITY

One of our group's core strengths lies in our unwavering dedication to ensuring the quality of our products.

This is evident through our partnerships with demanding locksmith manufacturers and our presence in the automotive market. Moreover, our quality management system is certified according to IATF 16949:2016 and ISO 9001:2015 standards.

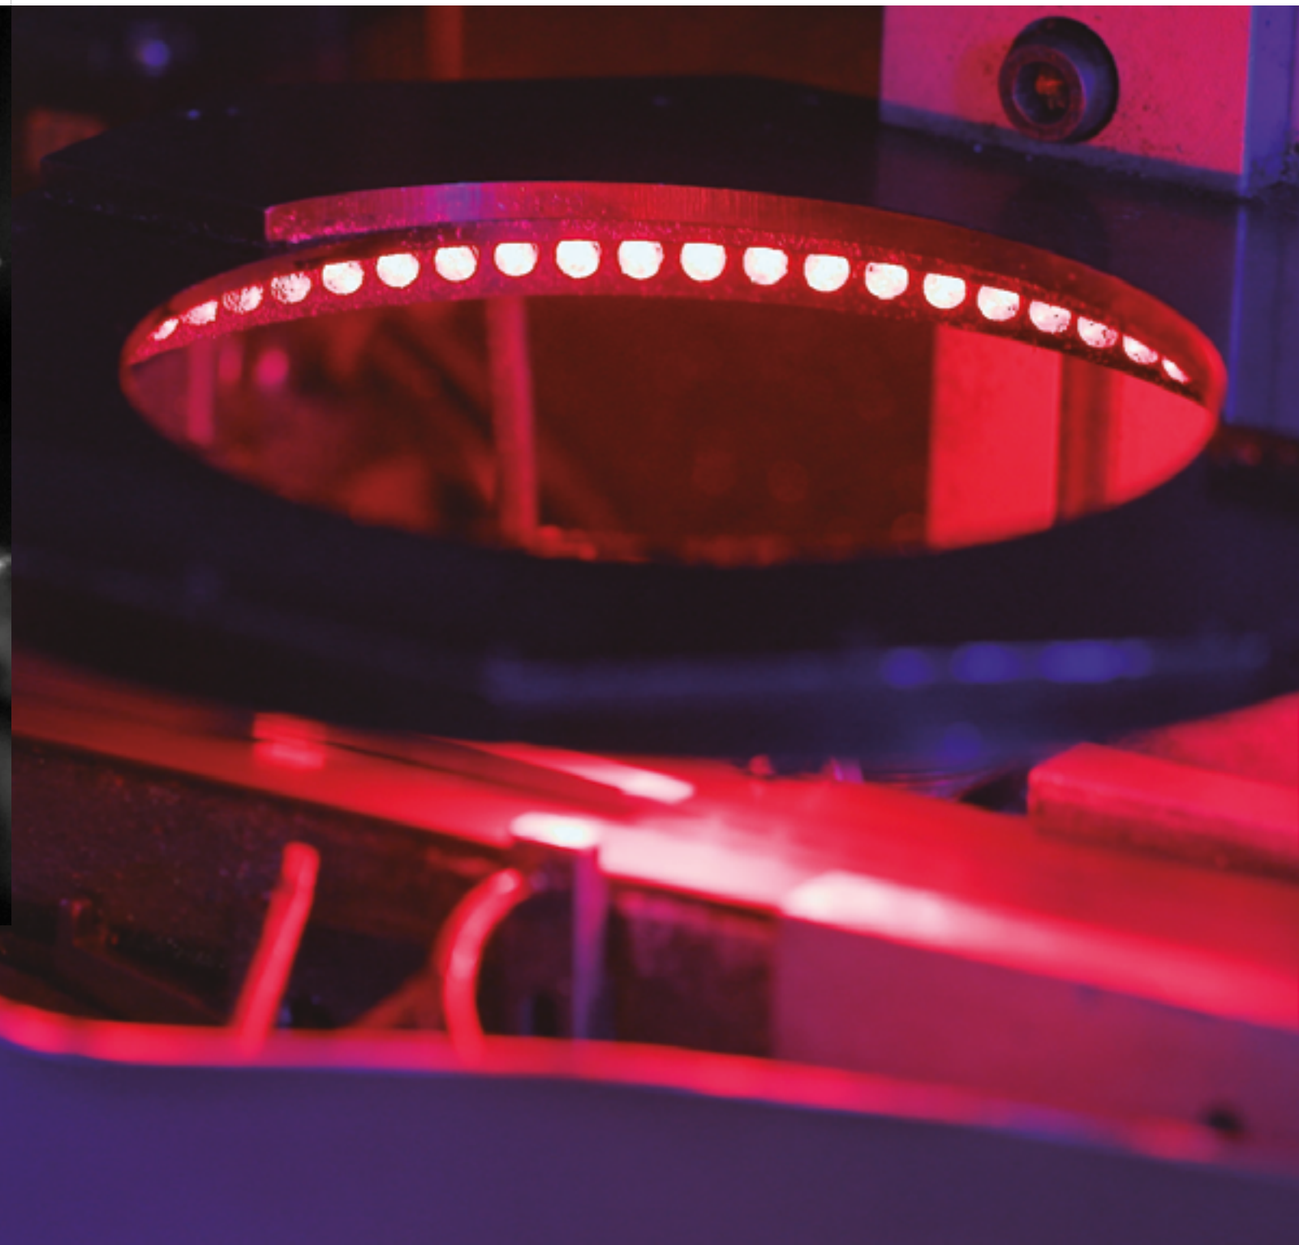

COMPROMISO CON LA CALIDAD

Uno de los puntos fuertes de nuestro grupo es nuestra dedicación a garantizar la calidad de nuestros productos.

Prueba de ello es que suministramos a los fabricantes de cerrajería más exigentes, así como al mercado de la automoción, y que nuestro sistema de gestión de la calidad cuenta con las certificaciones IATF 16949:2016 e ISO 9001:2015.

Dedicated to responsible practices

IMPACTFUL INITIATIVES

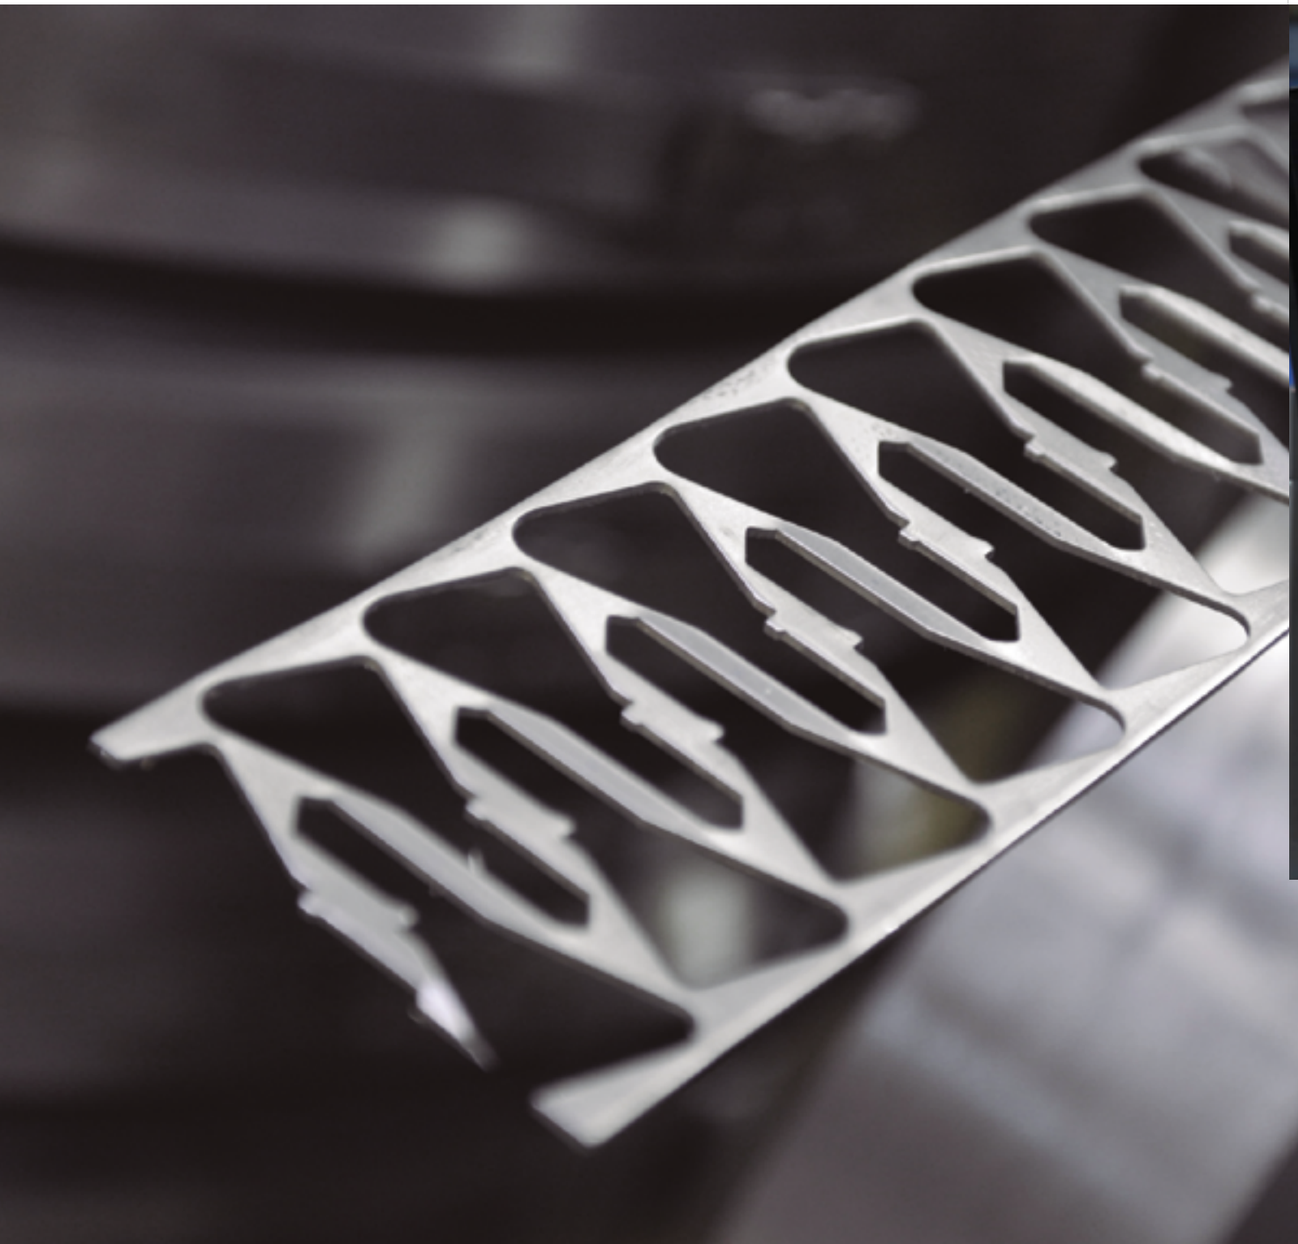

Our keys are manufactured using 100% recycled materials. By managing our own supply of brass and nickel silver, we minimize transportation emissions and reduce our carbon footprint. In addition to sourcing local materials, we are at the forefront of developing lead-free products to minimize their environmental impact.

Our environmental management system is ISO 14001:2015 certified, and our occupational health and safety system complies with ISO 45001:2018 standards.

GESTOS QUE MARCAN LA DIFERENCIA

Nuestras llaves se fabrican con materiales 100% reciclados. Gracias a que gestionamos nuestra propia fuente de suministro de latón y alpaca, limitamos las emisiones del transporte, reduciendo nuestra huella de carbono. Además de utilizar materiales Km 0, también estamos a la vanguardia del desarrollo de productos sin plomo con el objetivo de reducir su uso en la producción de llaves y minimizar su impacto medioambiental.

Nuestro sistema de gestión medioambiental cuenta con la certificación ISO 14001:2015, y nuestro sistema de salud y seguridad en el trabajo, con la ISO 45001:2018.
